

Foundation to help build new library

The Cambridge Foundation has granted the sum of \$100,000 to the Village of Cambridge - Library Fund.

The grant is designed to create and initiate a matching fund for the citizens of the community who desire to contribute toward the construction of the new library.

For each dollar donated toward construction of the new library, the Cambridge Foundation, through a fund held and managed by the Village of Cambridge, will contribute a match on a dollar-for-dollar basis.

The Cambridge Foundation, being the single largest donor to the future library construction project, is excited to create a matching fund so supporters and contributors can double their contributions and assist this project.

The fund will be established in the immediate future by the Village of Cambridge.
