

The Cambridge Community Library would like to express their appreciation to Matt Kenseth, the Matt Kenseth Fan Club and its members, and the Matt Kenseth Museum and Retail Store for holding their raffle on Sunday, July 7 and donating the proceeds from the raffle to the New Cambridge Library Building Fund. Linda and Mike Hinjerski of Wales, have for a number of years made, baked and decorated a cake replicating Kenseth's car, which is then raffled off for charity. This year the raffle raised \$1,000 with the proceeds being donated to the New Cambridge Library Building Fund. These dollars will be doubled due to the Cambridge Foundation Matching Grant Challenge. The library trustees and the Library Capital Campaign Committee appreciates this donation. Monetary help in this community project of a larger library facility shows commitment to Cambridge, helping to build a better community for all.
